CEC	<ul style="list-style-type: none"> December meeting PI Indicators approved Capitol day – possibly February 6th, Dr. Gamble proposed the National Stop the Bleed day in March; Amber suggested using 	M-S-P <ul style="list-style-type: none"> Arkansas study- Motion for Amber Kyle to chair a subcommittee/ task group to lead the group in the study. 	Amber Kyle	Next meeting

MISSISSIPPI STATE DEPARTMENT OF HEALTH

	<p>the red t-shirt from the ACS as a visual aide. Dr. Donald states plan has been 2-6-2018 but may have to wait until a date later in March.</p> <ul style="list-style-type: none"> AR trauma study- Amber Kyle has shared a layout for the replication of the study. Dr. Donald states he would like to nominate Amber Kyle to chair that subcommittee. 	<p>Motion- Dr. Duncan Donald 2nd Jonathan Wilson</p> <ul style="list-style-type: none"> Dr. Donald to work with MHA & Medical Association to confirm date for Day on the Hill.- potential 2-6-2018 Amber Kyle to chair the subcommittee for replication of study. 	Dr. Donald	
State PI	<ul style="list-style-type: none"> Discussion of transfer times that have been meeting the goals of the trauma system. Opportunities identified- <ul style="list-style-type: none"> Availability of EMS units to transport patients Increased use of FAST scan Airway management Clyde states there is not currently a process that tracks this data to show how long EMS services are waiting to offload patients. Suggestion made to obtain information from individual services. Scott Stinson states this time is currently in the EMS record that is in MEMSIS. 	<ul style="list-style-type: none"> Plan to coordinate education for the clinical areas Follow up with EMS on opportunities in transport of trauma patients. 	Dr. Donald	Next meeting
System Data Presentation	<ul style="list-style-type: none"> Trend number of transfers over the years Trend mode of arrival of transfers- Dr. Carlton states would like to see this with ISS scores Initial Activation at Level IVs & ED Disposition of transfer – Dr. Carlton states he believes the initial question was how many Alphas were being transferred to higher level. Number of patients transferred from Level IVs- what was the mode of arrival Regions reviewing outliers. 	<p>Follow up questions</p> <ul style="list-style-type: none"> Regions review the transfers/outliers Transfers- what are the ISS scores of the patients transferred Are there trends on Alphas arriving at Level IVs over the years? 	Teresa	Next meeting
Region Reports	<ul style="list-style-type: none"> In Binder Gail gave update from MATA- Teresa & David added to group and meetings to collaborate in sharing best practices. Done in line with goal to provide collaboration between the regions and department 	<ul style="list-style-type: none"> See update. 	Gail/ Region Directors	Ongoing

	<ul style="list-style-type: none"> Functionality- one item referred to EMS functionality 	<ul style="list-style-type: none"> Nothing new to report 	Clyde	Next meeting
	<ul style="list-style-type: none"> Burn Subcommittee- meets next week 	<ul style="list-style-type: none"> Nothing new to report 	Mark	Next meeting
	<ul style="list-style-type: none"> Trauma Registry Subcommittee- meets next week 	<ul style="list-style-type: none"> Meets next week 	Jimmy	Ongoing

MISSISSIPPI STATE DEPARTMENT OF HEALTH

NEW BUSINESS				
	<p>Wade ask question of participation level of 7 region trauma medical directors. Dr. Donald states varies; but good participation. Wade suggests adding the requirement to region contracts. Jimmy request that regions given requirements on what is required for physicians members of the committee.</p>	<p style="text-align: center;">M-S-P</p> <ul style="list-style-type: none"> Wade S. motion; Add to Region Contracts that TMD required to attend $\geq 50\%$ of time. With direction from State Trauma Medical Director as to requirement in person or by phone requirement. 2nd Jonathan Wilson 	BACS	ongoing
Open Discussion	<p>Clyde- question has anything been sent to EMS to make them aware of the change in activation criteria and that EMS would not be activating the patient. Jonathan states may want to craft a statement that reflects that the change is in no part related to frontline EMS providers. 2nd since EMS will not be calling Alpha/ Bravo is there a way to notify EMS of changes.- Amber states that can be done between the hospital and EMS service</p>	<p>Statement to EMS providers regarding the change in Activation criteria.</p>	BACS	Closed
	<p>Marcella McKay- update from MHA for a day of the Hill with TMDs state will communicate by email. States she spoke with representative and will update / coordinate by email. Suggestion that wait till later in the session. Dr. Donald states will do 10 min talking points. If trauma system and trauma regions wanted to set up tables may provide a direct link to their region. Later if wanted to present may want to provide education MHA would assist in setting up an event. Dr. Gamble suggests making list available by region regarding stop the bleed campaign.</p>	<ul style="list-style-type: none"> Trauma system & region to set up tables to display key trauma topics David to send Dr. Gamble the list by region regarding stop the bleed campaign. 	BACS/ Regions David	Closed Closed
	<p>David states will post the education to the website; anyone can access the link to provide education.</p>	<p>David to post Activation Criteria to website for individuals to access for education.</p>	David	closed
